SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS AND EQUIPMENT

School Facilities

It shall be the policy of the District to encourage the use of school facilities for community-wide activities. This is meant to include use by recognized civic, social and fraternal and religious organizations in accordance with law. Groups wishing to use the school facilities must secure written permission from the Superintendent and abide by the rules and regulations established for such use including restrictions on alcohol, tobacco and drug use. The Superintendent, at his/her discretion, may consult with the Board of Education. Monthly reports may be made to the Board regarding community use of the school facilities.

Use of school facilities by school groups and Parent-Teacher-Student Organizations shall be given first priority, followed by the Town Recreation Program and Non-profit community groups.

Questionable eligibility of a particular organization or group to utilize school facilities will be determined solely by the Board of Education upon the recommendation of the Superintendent of Schools.

Fees

The Superintendent of Schools shall recommend annually to the Board of Education at its regular August meeting a schedule of "Facility Usage Fees" for the ensuing school year. Personnel fees, when assessed, shall be equivalent to the actual per hour wages and fringe benefit costs of the employee(s) utilized.

All District based non-profit organizations that provide activities and programs for District residents, in compliance with Education Law Section 414, will be exempt from facility usage fees. However, applicable personnel fees shall be assessed if it is determined that District staff is necessary to assist in the operation or supervision of the scheduled activity, or if no District staff is regularly on duty at the scheduled time of the particular activity or event.

Non-District based organizations, as permitted in accordance with Education Law Section 414, will be assessed a nominal facility usage fee. Fees will be addressed by the hour and will be determined according to the type of facility, related furnishings, equipment and services being requested. Costs for repair or replacement of lost or damaged property shall be charged to the responsible organization.

Materials and Equipment

Except when used in connection with or when rented under provisions of Education Law Section 414, school-owned materials or equipment may be used by members of the community or by District employees and/or students for school related purposes only. Private and/or personal use of school-owned materials and equipment is strictly prohibited.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment and loaned to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations.

Permission is required from the Building Principal in whose building the materials and/or equipment is located.

Administrative regulations will be developed to assure the lender's responsibility for, and return of, all such materials and equipment.

Specific Requirements Relating to Boy Scouts and Other Title 36 Patriotic Youth Groups

The Boy Scouts Act applies to any local educational agency (LEA) that has a designated open forum or limited public forum and that receives funds made available through the U.S. Department of Education (DOE). It applies to any group officially affiliated with the Boy Scouts of America or any other youth group designated in Title 36 of the United States Code as a patriotic society.

This statute provides for the following:

1. A designated open forum exists when the school designates a time and place for one (1) or more outside youth community groups to meet on school premises or in school facilities, including during the hours in which attendance at the school is compulsory, for reasons other than to provide the school's educational program.

2. A limited public forum exists when the school allows one (1) or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory.

b) No covered entity shall deny access or opportunity or discriminate for reasons including the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the Title 36 patriotic youth group.

c) Access to facilities and the ability to communicate using school-related means of communication must be provided to any group officially affiliated with the Boy Scouts of America or any other Title 36 patriotic youth group on terms that are no less favorable than the most favorable terms provided to other outside youth or community groups.
