SUBJECT: TRANSPORTATION OF STUDENTS

Requests for Transportation to and from Nonpublic Schools

The parent or person in parental relation of a parochial or private school child residing in the School District who desires that the child be transported to a parochial or private school outside of the School District during the next school year should submit a written request to the Board of Education no later than April 1 of the preceding year, or within thirty (30) days of moving into the District. No late request of a parent or person in parental relation shall be denied where a reasonable explanation is provided for the delay.

Transportation for Nonpublic School Students with Disabilities who are Parentally Placed

For students with disabilities (ages 5 through 21) who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services. The proportionate share of IDEA Part B dollars could be used for such purpose.

The school district of residence remains responsible to provide transportation to parentally placed nonpublic school students from the student's home to the nonpublic school.

Transportation of Students with Disabilities

Students with disabilities in the District shall be transported up to fifty (50) miles (one way) from their home to the appropriate special service or program, unless the Commissioner certifies that no appropriate nonresidential special service or program is available within fifty (50) miles. The Commissioner may then establish transportation arrangements.

Fire Extinguishers

School buses manufactured on or after January 1, 1990 fueled with other than diesel fuel and used to transport three (3) or more students who use wheelchairs or other assistive mobility devices or with a total capacity of more than eight (8) passengers and used to transport such students shall be equipped with an automatic engine fire extinguishing system.

School buses manufactured on or after September 1, 2007 fueled with diesel fuel and used to transport three (3) or more students who use wheelchairs or other assistive mobility devices or with a total capacity of more than eight (8) passengers used to transport such students shall be equipped with an automatic engine fire extinguishing system.

The purchase of automatic engine fire extinguishing systems for school buses used to transport such students shall be deemed a proper School District expense.

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)

Transportation of Non-Resident Students

Non-resident families must provide their own transportation.

Transportation to School Sponsored Events

Where the District has provided transportation to students enrolled in the District to a school sponsored field trip, extracurricular activity or any other similar event, it shall provide transportation back to either the point of departure or to the appropriate school in the District unless the parent or legal guardian of a student participating in such event has provided the District with written notice, consistent with District policy, authorizing an alternative form of return transportation for such student or unless intervening circumstances make such transportation impractical. In cases where intervening circumstances make transportation of a student back to the point of departure or to the appropriate school in the District impractical, a representative of the School District shall remain with the student until such student's parent or legal guardian has been contacted and informed of the intervening circumstances which make such transportation impractical; and the student has been delivered to his/her parent or legal guardian.

Transportation in Personal Vehicles

Personal cars of teachers and staff shall not be used to transport students except in the event of extenuating circumstances and authorized by the administration.
