

Dear Music Students,

I will miss making music with you over the next few weeks! 3rd and 4th grade students, please keep practicing your instruments and music for our upcoming concerts. It is very important that we don't forget all we have learned so far! K-2 music students please keep listening to music and making music at home! I have provided many fun websites that have fun music games, music to listen to and orchestras to watch. For all music students - I have also sent along a couple of printed activities you can try at home. The Music at Home BINGO sheet can also be found on my website under Music Class - it has built in links to some of the blocks if accessed online.
