

# April Listening Calendar

## **DIRECTIONS**

Each day of the month, listen to the song of the day in a comfortable, quiet environment. Then listen to it one more time, and start to write about the song. You can write things about the song such as: how it makes you feel, the instruments you hear, whether it's loud or soft, happy or sad, fast or slow.

You could also draw a picture as you listen to each piece and then compare them.
